Career Objective

To begin my career as a backend developer, using my knowledge of coding, databases, and problem-solving to help build reliable and efficient systems. I aim to keep learning new technologies, improve my skills, and contribute to the success and growth of the company.

Education

Annamacharya Institute of Technology and Sciences - Tirupati 2025

B.Tech in Computer Science and Engineering

CGPA: 8.20

Relevant coursework: DBMS, OOPs

Work Experience

Intern – Java Developer (ExcelR Solutions, Remote) - Dec 2023 – Mar 2024

- Assisted in the development and testing of an Online Book Store application using Java (JSP & Servlets), MySQL, HTML, CSS, and JavaScript.
- Implemented user login, book search, shopping cart, and secure order processing.
- Applied JDBC for database connectivity, session management, and secure coding practices.
- Wrote clean, maintainable, and well-documented code as per industry standards.

Projects

Bank Customer and Transaction Record System - July 2025

- Designed an SQL database to manage customer accounts and transaction history.
- Created relational tables and wrote SQL queries for deposits, withdrawals, and balance checks.
- Technologies Used: **SQL, MySQL**

Enhancing Customer Insights Through Sentiment Analysis of Product Reviews - May 2025

- Developed a Django-based web application to classify product reviews as positive, negative, or neutral using an XGBoost model.
- Handled text preprocessing, classification, and results visualization.
- Technologies Used: **Python, HTML, CSS, JavaScript**

Skills

Backend: SQL, Core Java

Frontend: HTML, CSS (Basics)

Database: MySQL

Other: Problem Solving, Communication Skills

Achievements & Activities

- Secured 1st place in Tech Doodle competition (CSE Department).
- Member of the winning cricket team in an intra-college tournament.
- Completed Java & SQL Bootcamp on Udemy.
